

# INNOVATIONS 2020

# room for ...

**Management**  
Eckhard Wefing  
Manfred Wippermann  
Marc Hogrebe

For Nolte Küchen, the kitchen is much more than just a room – it is the heart of the home and life's communication hub. This is why, for the coming year too, we are offering you all manner of innovations and suggestions to realise precisely this idea for your customers. For your everyday work you can expect to find many ways of generating additional sales: from the optimum solution for the utility room to practical interior organisation sets. And all of this – typical for Nolte Küchen – with enough flexibility for any budget.

**We create room – for more success!**

For the third time running:  
Germany's  
most popular kitchen brand.

The golden M guarantees  
proven quality, safety and  
healthy living.

# room for

In this day and age, space comes at a premium. So, what we make of the space we have is all the more important. For 2020, we are offering you all manner of scope for creating individually tailored kitchens that will leave your customers wanting for nothing. Platinum grey gives you a neutral colour you can combine with the latest new releases, such as henna red or lavender, in any way your customers choose. You also have a wide variety of options when it comes to timbers and stone decors: opt for silver or mocha ash to follow the trend towards calm, striped timbers or

create the perfect NEW CLASSIC kitchen with marble brown. Meet your customers' wish for a perfectly organised kitchen with the interior organisation sets and demonstrate your expertise in creating a practical, logically designed utility room with the new furniture models.

**Our innovations for 2020 will also give you the best possible selling points.**

Platinum grey – exclusive and elegant

**NOVA LACK 73P** – High-gloss platinum grey

**Surrounding elements LM5** –

Lacquer, henna red soft mat

**Worktop U23** – Black PRO

**MATRIXART**  
by **notte** KÜCHEN

## henna red – the colour with that certain something

Henna red brings warmth and provides a harmonious touch of colour in otherwise monochrome kitchens. Combined with platinum grey, it creates an ambience with an elegant look of quality.

## platinum grey – consistency in all shapes and materials

Platinum grey is the special colour for any budget. The colour tone is timeless and, between rather cold papyrus grey and warmer sahara, perfectly complements our colour spectrum. Platinum grey is available from price group 1 to price group 6, from melamine resin to high-gloss genuine lacquer, from smooth modern front to country kitchen style. The colour tone creates a classy kitchen ambience and can be combined with many of today's fashionable colours.

Price group 1

**MANHATTAN UNI 48P**  
Melamine resin mat

Price group 2

**FEEL 96P**  
Lacquered laminate soft mat

**LUX 36P**  
High-gloss lacquered laminate

Price group 3

**PLUS 60P**  
Laminate soft mat

Price group 6

**NOVA LACK 73P**  
High-gloss genuine lacquer

Price group 4

**SOFT LACK 763**  
Genuine lacquer soft mat

Price group 6

**CARISMA LACK B30**  
Genuine lacquer soft mat

**TORINO LACK C30**  
Genuine lacquer soft mat

**FRAME LACK A30**  
Genuine lacquer soft mat

**WINDSOR LACK 723**  
Genuine lacquer soft mat

room for [homeliness]

### platinum grey – scandinavian and trendy

This kitchen lets you show a further facet of platinum grey: Combining platinum grey with silver ash and lavender gives it a youthful and fresh Scandinavian touch. Particularly clever is the tall end shelf unit which, at first glance, looks like a front but on closer inspection reveals its interior in delicate lavender.

**MANHATTAN UNI 48P** – Platinum grey  
**Surrounding elements LAV** – Lavender  
**Worktop E33** – Silver ash  
**Handle 318** – Stainless steel look

room for [ originals ]

**PORTLAND 405** – Cement sapphire grey  
**TAVOLA 571** – Oak pinot  
**Worktop Z15** – Cement sapphire grey

**MATRIXART 900**  
by **notte KÜCHEN**

## all good things come in threes

Since it was introduced, PORTLAND, in the two options of agate grey and anthracite, has become the quintessence of real cement. For 2020 we are introducing a third colour option that perfectly interprets the idea of concrete. Cement sapphire grey now gives you a light, neutral front which, for example, lets you create impressive kitchens in combination with TAVOLA.

Price group 6

**PORTLAND 405**  
Cement sapphire grey

Price group 6

**PORTLAND 403**  
Cement agate grey

**PORTLAND 404**  
Cement anthracite

**PLUS 60Q** – Quartz grey soft mat  
**MANHATTAN 48S** – Holm oak  
**Worktop U24** – Quartz grey PRO

room for [functionality]

## perfectly combined

Since it was introduced, PLUS, which is made of laminate with anti-fingerprint finish, has been very successful – particularly in black. What could be more obvious than to go a step further here: for the 2020 collection, platinum grey and quartz grey soft mat give you even more planning flexibility. And the best part: 16 mm and 25 mm thick end panels also provide the option of designing the surrounding elements in the same material. A further highlight in this kitchen is the MANHATTAN open base shelf unit in holm oak and worktop in quartz grey PRO.

room for [ character ]

**VEGAS 113** – Milled stainless steel  
**ARTWOOD 22K** – Walnut cuba  
**Worktop A23** – Walnut cuba

## VEGAS – a front full of expression and character

With its milled surface and the chamfered edges, VEGAS turns any kitchen into a statement. Cleverly planned, such as here in stainless steel look as an island in combination with ARTWOOD walnut cuba, it unfurls its full impact. But in milled manganese bronze too, the front is an absolute eye-catcher.

**For VEGAS, a limited range of options is available as design elements.**

room for [comfort]

**TITAN 681** – Mother-of-pearl  
**TAVOLA 572** – Oak barolo  
**Worktop Z25** – Titan mother-of-pearl

## harmony in perfection

The understated elegance of TITAN mother-of-pearl teams up with TAVOLA oak barolo to create a perfectly balanced unit where the focus is placed on homeliness. The worktops as well as the end panels on the island are finished in Titanium mother-of-pearl, giving the kitchen a look of serene harmony.

**MATRIXART**  
by **notte** KÜCHEN

**TITAN 113** – Graphite  
**Worktop E28** – Rustic wild oak

**room for** [sleek linearity]

## accentuated elegance

In this very graphically planned kitchen, the elegance of TITAN graphite is emphasised even more. An attractive contrast is provided by the slender 12mm end panels in rustic wild oak which provide a natural complement to the predominant basic TITAN graphite colour tone.

# fronts

Our range of fronts for 2020 has everything your customers would wish for: whatever their preference and budget.

everything perfectly organised

### EVEN MORE FLEXIBILITY FOR INTERIOR ORGANISATION

From now on you have even more ways of equipping the kitchen to meet your customers' every expectation and need.

The new additions to the real black ash range will leave them wanting for nothing. But we have not forgotten the basic interior organisers in plastic either. And last but not least, further sets for pull-outs will make your sales talks easier too.

### all-inclusive interior organisation sets

Save time in advising your customers and perfectly equip their kitchen with an organisation system package:

Our all-inclusive interior organisation sets are configured to provide a basic level of organisation that can then be extended in any way on request. Needless to say, we offer all materials here as well: starting with basic organisers in plastic and extending through to real oak and real black ash. And do so even for units with one drawer and two pull-outs.

everything is possible

Your customers are as different as the demands they make on creating the optimum utility room. Nolte Küchen gives you the best possible solution for every need and problem: from the classic utility room with washing machine and tumble dryer to clothes cupboard or walk-in wardrobe or individually tailored solution with room divider for an integrated hallway, everything is possible.

# room for

# success

## decors and fronts

Whether timeless platinum grey, on-trend colours, such as lavender and henna red, or high-quality materials like cement sapphire grey: with our 2020 collection you will always meet your customers' taste – whatever their budget.

## interior organisation

This makes a pleasure of keeping everything neat and tidy: to give your customers structure in the kitchen, and particularly in the drawers, we have developed practical interior organisation sets this year.

## furniture models and merchandise

Create bespoke kitchens to your heart's content, even for discerning customers. This is where the new furniture models give you even more options.

## utility room

With our new range of models, your customers can configure the utility room in exactly the way they wish and in this way make their work easier. For many people, the utility room is a key part of the home, particularly where there's no basement.

Demonstrate your expertise in every aspect of the utility room and take advantage of this opportunity to boost your sales!

The kitchen is the room of rooms.  
We probably *live* more,  
and more *intensively*,  
here than anywhere else in the home.  
It is the place where  
we meet, where we encounter others.  
As family or friends.  
As a couple.  
We *cook, eat* and *enjoy* ourselves  
in the kitchen. And sometimes we have  
all the time in the world as we do so.  
We argue. And *make up again*.  
We read, write, send emails, post messages.  
And maybe philosophise a little.  
And – quite secretly – the kitchen sets  
the rhythm of our day.  
Good morning. Then midday. Then evening.  
And sometimes night ...  
Which is *why we love* the kitchen.

Living in the kitchen. nolte
